

## Midmark Donates Exam Tables to Huruma Hospital in Tanzania.

Midmark was pleased to donate exam tables through Direct Relief International to Huruma Hospital, situated on the slopes of Mt. Kilimanjaro in Tanzania. The hospital is the main referral center for the district, serving a population of about 275,000.

All donated goods are used within the Hospital to help patients. Some patients cannot afford medical treatment, and are given free medication, in hopes that in future they will be in a better position to pay for the next illness. No one is turned away due to inability to pay for medical treatment.
