Why call tech support?

Our phone technicians expertly triage most issues over the phone or virtually using our app-free, remote visual assistance. We can text or email you a secure link that allows access to the camera and microphone on your device. Through this virtual connection, we can evaluate the problem in real-time, capture screenshots and identify the issue.

By talking with Midmark Technical Support first, most issues are resolved over the phone. For unresolved issues, we can schedule a repair visit for you with our nationwide network of trained technicians.

Extended Warranty Plan

Midmark extended warranty plans are an extension of the product's base warranty. Extended warranty plans must be purchased when the product is currently within the base warranty period. The warranty can be extended to provide up to 5 years of coverage.
