

ANIMAL HEALTH

## 2024 Boarding + Containment Catalog

# Solutions designed for companion animals and their care providers.

Better care doesn't happen by chance—it happens by design. Design that takes into account not just the space, but the people working in it. At Midmark, we believe that when you harmonize space, workflow and technology, it leads to healthier pets, happier clients and staff, and it contributes to the success of the organization. It's this attention to our customers and design that has enabled us to transform animal care environments.

# Get the support you deserve.

Designing a better care experience starts with a better customer experience. At Midmark, we make it our mission to thoroughly address every customer need and always fulfill our commitments.

## Midmark Customer Experience

Available to serve your needs from  
8:00 AM - 5:00 PM, Monday through Friday (ET).

### Midmark Carthage Customer Experience\*\*

# Cages

---

Stainless steel cages are designed for companion animal safety and long-term durability. A variety of configurations and non-corrosive materials are available to ensure maximum efficiency and comfort for the animals in your care.

# Anatomy of a Cage

## Benefits of a Double Door Cage

Looking for a housing solution for large dogs? Try our Double Door (DD) cages.

- Removable divider bar adds strength and integrity when securing the latch, but it also allows for easier opening.
- Removing the divider bar allows you to slide in a recumbent patient.
- Insert cage dividers to house multiple small animals.
- Shown with optional Quiet-Time Cage Cover (top left).
- Patented Hinge Design US Patent #7,805,808

Available sizes:

42" W x 24" H	48" W x 30" H	60" W x 30" H
42" W x 30" H	48" W x 36" H	60" W x 36" H
42" W x 36" H	54" W x 30" H	72" W x 30" H
48" W x 24" H	54" W x 36" H	72" W x 36" H

# Cages with Portals

We developed the Cat Portal with researchers from the University of California, Davis. Our Cat Portal package includes a spacer for proper installation.

## Benefits of Portalizing

Studies show double compartment housing reduces pet stress by providing more room and more choices. The Cat Portal has an 8-inch diameter opening.

## Ordering New Cages with Portals

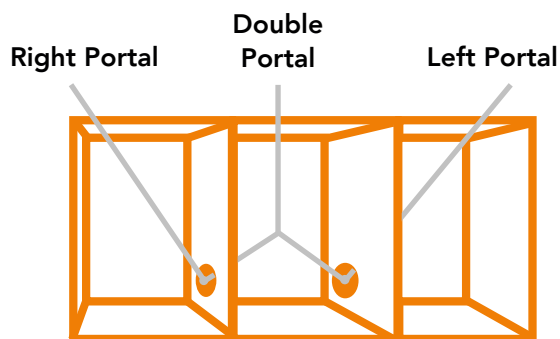

You can specify one or more of your new cages to have portal openings pre-cut during the construction phase. Talk with your sales representative (1.844.856.1236) about your options and needs. The standard sizes are listed below. **Note:** Portals will not fit into 18" H cages.

### Industry Standard Cage Sizes

Size	Weight
18" x 18"	34 lb
18" x 24"	40 lb
18" x 30"	45 lb

# 4' Stainless Steel Cage Assemblies

## Most Popular Assembly

### 4' Assembly, Option A

**Top:** 2 - 24"W x 24"H cages  
**Bottom:** 1 - 48"W x 30"H double door cage

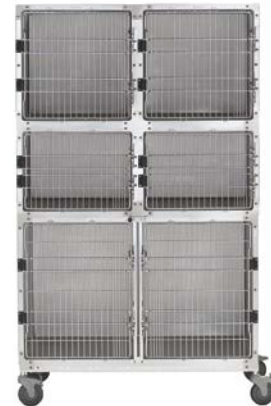

902.0103.19	Without Platform	\$3,217.00
902.0103.20	Mobile Platform	\$3,749.00
902.0103.21	Stationary Platform	\$3,757.00

### 4' Assembly, Option B

**Top:** 2 - 24"W x 30"H cages  
**Bottom:** 1 - 48"W x 30"H double door cage

902.0103.16	Without Platform	\$3,326.00
902.0103.17	Mobile Platform	\$3,859.00
902.0103.18	Stationary Platform	\$3,866.00

### 4' Assembly, Option C

**Top:** 2 - 24"W x 24"H cages  
**Middle:** 2 - 24"W x 18"H cages  
**Bottom:** 1 - 48"W x 30"H double door cage

902.0105.33	Without Platform	\$4,749.00
902.0105.34	Mobile Platform	\$5,280.00
902.0105.35	Stationary Platform	\$5,289.00

# 5' Stainless Steel Cage Assemblies

### 5' Assembly, Option A

**Top:** 2 - 30"W x 30"H cages  
**Bottom:** 2 - 30"W x 30"H cages

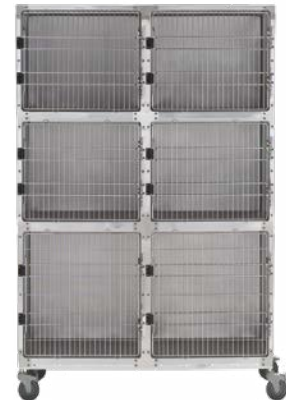

902.0104.19	Without Platform	\$4,076.00
902.0104.20	Mobile Platform	\$4,739.00
902.0104.21	Stationary Platform	\$4,739.00

### 5' Assembly, Option B

**Top:** 2 - 30"W x 24"H cages  
**Bottom:** 1 - 60"W x 36"H double door cage

902.0104.22	Without Platform	\$4,310.00
902.0104.23	Mobile Platform	\$4,943.00
902.0104.24	Stationary Platform	\$4,950.00

### 5' Assembly, Option C

**Top:** 2 - 30"W x 24"H cages  
**Middle:** 2 - 30"W x 24"H cages  
**Bottom:** 2 - 30"W x 30"H cages

902.0104.25	Without Platform	\$5,516.00
902.0104.26	Mobile Platform	\$6,149.00
902.0104.27	Stationary Platform	\$6,156.00

# 6' Stainless Steel Cage Assemblies

## 6' Assembly, Option A

**Top:** 3 - 24"W x 30"H cages  
**Bottom:** 2 - 36"W x 30"H cages

902.0105.36	Without Platform	\$4,827.00
902.0105.37	Mobile Platform	\$5,613.00
902.0105.38	Stationary Platform	\$5,624.00

## 6' Assembly, Option B

**Top:** 2 - 36"W x 30"H cages  
**Bottom:** 1 - 72"W x 36"H double door cage

902.0105.39	Without Platform	\$5,037.00
902.0105.40	Mobile Platform	\$5,823.00
902.0105.41	Stationary Platform	\$5,834.00

## 6' Assembly, Option C

**Top:** 3 - 24"W x 24"H cages  
**Bottom:** 1 - 48"W x 30"H double door cage, 1 - 24"W x 30"H cage

902.0105.42	Without Platform	\$4,903.00
902.0105.43	Mobile Platform	\$5,690.00
902.0105.44	Stationary Platform	\$5,699.00

# 7' Stainless Steel Cage Assemblies

## 7' Assembly, Option A

**Top:** 2 - 30"W x 30"H cages, 1 - 24"W x 30"H cage  
**Bottom:** 1 - 48"W x 30"H double door cage, 1 - 36"W x 30"H cage

902.0106.16	Without Platform	\$5,604.00
902.0106.17	Mobile Platform	\$6,511.00
902.0106.18	Stationary Platform	\$6,523.00

## 7' Assembly, Option B

**Top:** 2 - 30"W x 30"H cages, 1 - 24"W x 30"H cage  
**Bottom:** 1 - 36"W x 30"H cage, 2 - 24 x 30"H cages

902.0106.19	Without Platform	\$5,756.00
902.0106.20	Mobile Platform	\$6,650.00
902.0106.21	Stationary Platform	\$6,650.00

# 8' Stainless Steel Cage Assemblies

## 8' Assembly, Option A

**Top:** 4 - 24"W x 24"H cages

**Bottom:** 2 - 36"W x 30"H cages, 1 - 24"W x 30"H cage

902.0109.16	Without Platform	\$6,347.00
902.0109.17	Mobile Platform	\$7,281.00
902.0109.18	Stationary Platform	\$7,281.00

## 8' Assembly, Option B

**Top:** 4 - 24"W x 24"H cages

**Bottom:** 2 - 48"W x 30"H double door cages

902.0109.19	Without Platform	\$6,436.00
902.0109.20	Mobile Platform	\$7,370.00
902.0109.21	Stationary Platform	\$7,370.00

## 8' Assembly, Option C

**Top:** 4 - 24"W x 24"H cages

**Middle:** 2 - 36"W x 30"H cages, 1 - 24"W x 30"H cage

**Bottom:** 2 - 48"W x 30"H double door cages

902.0109.22	Without Platform	\$9,520.00
902.0109.23	Mobile Platform	\$10,454.00
902.0109.24	Stationary Platform	\$10,454.00

## 8' Assembly, Option D

**Top:** 1 - 36"W x 30"H cages, 2-30"Wx30"H

**Bottom:** 1 - 60"W x 36"H double door cage,  
1 - 36"W x 36"H cage

902.0109.25	Without Platform	\$6,997.00

# Other Cage Options

## Mobile Transport Unit

Mobility and design allow this unit to be used for receiving and releasing patients, moving them, as a temporary holding kennel, or even as an emergency exam and treatment table.

- The mobile transport unit is insulated and finished with polished stainless steel side and top panels.
- An Oxygen Therapy door is available for the mobile transport unit.
- The universal door is designed for right-hand or left-hand opening.
- Large 5" heavy-duty corrosion resistant casters let you maneuver the unit easily through most door openings.
- All casters feature locking mechanisms to hold the unit stationary when not in use.
- Full width bar handle for easy control.

902.0001.50	Mobile Transport Unit 36"W x 30"H x 28 ¾"D	\$2,840.00
902.0000.57	XL Mobile Transport Unit 48" W x 30"H x 28 ¾"D	\$5,490.00

# Stainless Steel Cage Accessories

## End and Top Panels

Top and end panels are a convenient way to give your individual cage or cage assemblies an attractive, one-piece finished look.

- Constructed of the same high-quality stainless steel used on the cage itself.
- End and top panels are ordered separately and can be easily attached at your facility.
- These part numbers are for Type 3 cages. Contact 1.844.856.1236 for help with Type 1 or 2 cage accessories.

802.0018.51	End Panels for 18" H Cage	\$171.00

802.3000.00	Top Panel for 30" W Cage	\$216.00
802.3600.00	Top Panel for 36" W Cage	\$263.00
802.4800.00	Top Panel for 48" W Cage	\$417.00
802.5400.00	Top Panel for 54" W Cage	\$433.00
802.6000.00	Top Panel for 60" W Cage	\$449.00
802.7200.00	Top Panel for 72" W Cage	\$524.00

## Shor-Shelf® Cat Perching Shelf

The removable Shor-Shelf® allows cats to follow their natural instinct to jump and perch above the floor.

- The shelf is 7" deep and adjusts to fit all 18", 24" and 30" wide cages.
- Unique flex-ends with special non-slip pads automatically adjust to taper of kennel—no drilling or modification of cage required.

802.0006.00	Shor-Shelf® Cat Perching Shelf	\$357.00
-------------	--------------------------------	----------

# Stainless Steel Cage Accessories

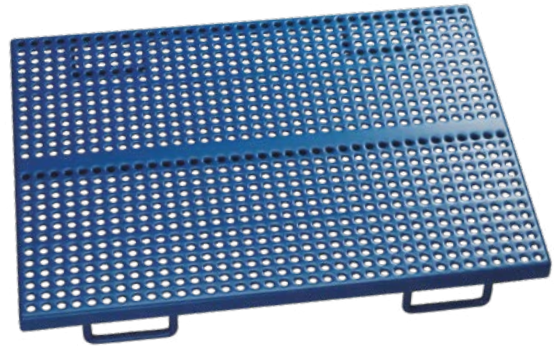

## PVC Coated Cage Floors

Keeps patients dry and clean.

- 14 gauge perforated sheet steel
- Openings are approximately  $\frac{3}{8}$ " diameter after PVC coating.
- Non-toxic PVC coating is approximately  $\frac{1}{8}$ " thick and seals entire floor.
- Floor height is approximately  $2\frac{1}{4}$ ".

317.0098.00	Floor, 18"W Cage	\$186.00
317.0098.01	Floor, 24"W Cage	\$206.00
317.0098.02	Floor, 30"W Cage	\$237.00
317.0098.03	Floor, 36"W Cage	\$274.00
317.0098.04	Floor, 48"W Single Door Cage	\$347.00
317.0098.05	Floors, 48"W Double Door Cage (2 pieces*)	\$206.00
317.0098.45	Floors, 60"W Double Door Cage (2 pieces*)	\$253.00
317.0098.46	Floors, 72"W Double Door Cage (2 pieces*)	\$293.00

\*Double Door cages require 2 floor pieces; the Single Door and other cages use 1 floor piece.

## Divider for Double Door Cages

Stainless steel cage dividers provide a simple, affordable method to convert 48", 54", 60" and 72" wide Double Door Cages into two smaller units.

- Provides heavy-gauge stainless steel construction.
- The double-door latch system removes quickly and easily when you need to slide a large patient in or out of the cage.
- The bracket at the back of the cage holds the door snug to maintain secure separation between the cage spaces.

802.0024.00	24"H Double Door Cage - 29"W x 21"H	\$253.00
802.0030.00	30"H Double Door Cage - 29"W x 27"H	\$267.00
802.0036.00	36"H Double Door Cage - 29"W x 33"H	\$289.00

**NOTE:** For ordering information or to ask about part number items shown above, contact us at 1.844.856.1236, Kansas City location.

## Quiet-Time Cage Door Cover

Instead of hanging towels over your cage doors to calm aggressive or nervous dogs, use Quiet-Time Cage Door Covers. Most dogs stop barking when you block their visibility of people and other animals. Quiet-Time Cage Door Covers provide some isolation and solitude for patients during treatment or recovery.

- Blue nylon construction is stain and snag resistant.
- 3" deep pocket fits snugly over the top of the door and secures with plastic snaps
- Clear vinyl window to display client/patient information
- Machine washable

179.2424.00	24"W x 24"H Cage Door	\$19.00
179.2430.00	24"W x 30"H Cage Door	\$26.00
179.2430.02	24"W x 30"H Condo Door	\$18.00
179.3030.00	30"W x 30"H Cage Door	\$27.00
179.3330.00	30"W x 30"H Suite Door	\$27.00
179.3630.00	36"W x 30"H Cage Door	\$30.00

## Squeeze Restraint

Helps position non-cooperative patients in a secure but tighter space, creating a safer vaccination and treatment environment.

- The squeeze mechanism is designed with two 1" diameter stainless steel handles affixed to a wire door panel, similar to other cage doors.
- The push/pull system allows the squeeze restraint to gently ease the patient to the front of the cage for treatment.
- When the wire door panel is pushed to the back of the cage, the handles discreetly blend in with the cage frame.

924.0200.00	24" x 18" cage	\$524.00
924.0200.01	24" x 24" cage	\$609.00
924.0200.02	24" x 30" cage	\$603.00
924.0200.03	30" x 30" cage	\$661.00
924.0200.04	48" x 30" cage	\$751.00
924.0200.05	36" x 30" cage	\$664.00

## Stationary Platform for Stainless Steel Cages

Allows cleaning under cages and raises bottom cages to an easier access level.

- Adjustable feet in the legs facilitate leveling.
- For planning purposes, allow for a 9¼" height increase when adjustable feet are fully extended and an 8" height increase when they are not extended.

702.0004.00      Leveling Leg Adapter      \$57.00

Stationary Platform

## Mobile Platform

Platform provides greater maneuverability for cleaning and cage bank rearranging. Easier access to bottom level cages.

- Large reinforced nylon casters and polyurethane wheels that will not "flat spot" or mar floors. Rotates 360° for maneuverability.
- All casters feature locking mechanisms to hold your kennel assembly stationary between moves.
- Allow 8½" height increase for mobile platforms when planning your space requirements.

086.5012.11      Caster with Brake      \$60.00

Mobile Platform

Height Reducing Platform available upon request. Recessed casters reduce overall height by about 4" over mobile platform.

## Caster/Peg Insert for Stationary Platform and Mobile Platform Stainless Steel Cages

702.2400.07	Caster/Peg Insert, 24" L Platform	\$235.00
702.3000.07	Caster/Peg Insert, 30" L Platform	\$255.00
702.3600.07	Caster/Peg Insert, 36" L Platform	\$262.00
702.4200.07	Caster/Peg Insert, 42" L Platform	\$280.00
702.4800.07	Caster/Peg Insert, 48" L Platform	\$299.00
702.5400.07	Caster/Peg Insert, 54" L Platform	\$280.00
702.6000.07	Caster/Peg Insert, 60" L Platform	\$400.00
702.7200.07	Caster/Peg Insert, 72" L Platform	\$439.00

Caster/Peg Inserts,  
Size 24" - 72" Platform

## Quiet-Closing Latch

Innovative latching mechanism eliminates the jarring noises that startle and stress animals. Can retrofit most of our cages. Comes standard on stainless steel Cat Suites.

702.0030.52	30"/36" Single Door	\$92.00
702.0030.51	30" Double Door	\$253.00
702.0036.51	36" Double Door	\$264.00

## Stainless Steel Litter Pans

Heavy-gauge Stainless steel to provide easy care and cleanup.

190.9000.03	12¾" W x 20¾" L x 4" H	\$83.00
190.9000.08	12¾" W x 10¾" L x 2½" H	\$43.00

# Universal Cage Accessories

## Cage Valet

Holds medications, toys, collars, leads, ID cards and forms.

- Gravity hook holds valet securely to stainless steel cages or kennels.
- Stainless steel tension clip secures your patient's paperwork.
- Polycarbonate material is crack- and shatter-resistant.

915.0200.04 Small - 5½"W x 10½"H x 3"D \$43.00

915.0200.05 Large - 9" W x 15"H x 3"D \$51.00

## Cage Valet for Glass Door

Holds medications, toys, collars, leads, ID cards and forms.

- Four suction cups hold valet securely to the glass door.
- Stainless steel tension clip secures your patient's paperwork.
- Polycarbonate material is crack- and shatter-resistant.

915.0200.11 Small - 5½"W x 10½"H x 3"D \$51.00

915.0200.10 Large - 9" W x 15"H x 3"D \$53.00

## Record Holders

Keep your records and notes in order.

Twist and turn method attaches holders to the horizontal bar of Shor-Line and most other wire cage doors.

Holders keep patient records securely attached to cage or kennel doors.

802.0010.05 Small - 5"W x 8¼"H Tension Clip \$36.00

802.0010.06 Large - 9"W X 12"H Tension Clip \$44.00

## Stainless Steel Card Holders

802.0000.01 Small - 5"W x 3"H \$19.00

802.0000.02 Large - 8"W x 5"H \$27.00

# Housing Accessories

## Viewing Dome

The Viewing Dome is made from durable polycarbonate, and available as a Tri-Door option for the Feline Comfort Suite only. It increases feline interaction with visitors and caregivers providing important cat enrichment.

- Dome can be placed on either the left or right side of the Tri-Door.
- Dome projects approximately 2" from the door front.
- Can be disinfected with standard cleaners.
- Viewing Dome is 6" W x 7" H x 2 $\frac{7}{8}$ " D.

Viewing Dome

## Cat Cave

The two-level Cat Cave lets felines choose between lounging on the top resting area or hunkering down in the "cave" section that opens on three sides. It is simple to disinfect and move to different cages. Cats enjoy how warm and secure it makes them feel.

- Sits against the back side of the cage to allow cats to move through the three openings.
- Concave top resting shelf allows the cat to sink about an inch down to feel secure while enjoying the enrichment of a vertical space 14" off the cage floor.
- Feline experts agree that hiding places can provide an important coping mechanism to lower stress for cats. The lower level provides an 18 $\frac{1}{2}$ " wide area to curl against, warming with the cat's body heat.
- The front opening is 13 $\frac{1}{4}$ " W x 8" H and the side openings are 8" W x 11 $\frac{1}{2}$ " H.
- The side opening aligns as a pass through for feline enrichment.
- The Cat Cave tapers from base to top, making them easy to stack.
- Made of durable, easy-to-clean polyethylene in black to match the cage hinges.
- Overall 20 $\frac{3}{4}$ " W x 14" H x 14 $\frac{3}{4}$ " D. Both sides taper to a top concave resting bench of 18 $\frac{3}{4}$ " W x 7 $\frac{1}{2}$ " D.

\$105.00

# Feeding Accessories

## Kennel Gear™ Plastic Bowl System

A clean and efficient food and water solution for all sizes of animals. Door mount prevents bowls from being turned over, spilling food or water.

- Kennel/Cage Bar Mount system fits most standard kennels or solid surfaces. Back plate is not used for solid surface mounting.
- Bowl can be inserted into the Kennel Bar Mount for a secure feeding solution and removed with the flip of a paw-proof lever.

041.0017.40	Blue	\$42.00
041.0017.41	Red	\$42.00
041.0017.75	Grey	\$42.00
041.0017.39	Kennel/Cage Bar Mount, Plastic	\$25.00

## Kennel Gear™ Stainless Steel Bowls

A clean and efficient food and water solution for all sizes of animals.

- Manufactured from stainless steel for durability.
- Bowls are designed to be used with the various Kennel Gear mounting systems. This comes with the bowl and yoke.

041.0017.12	1 Pint Stainless Steel Bowl	\$67.00
041.0017.23	1 Quart Stainless Steel Bowl	\$67.00
041.0017.14	2 Quart Stainless Steel Bowl	\$69.00
041.0017.13	Double 1 Pint Stainless Steel Bowl	\$70.00
041.0017.48	Double 1 Quart Stainless Steel Bowl	\$88.00
041.0017.97	Double 2 Quart Stainless Steel Bowl	\$121.00

# Fiberglass Quiet Cottages

## A warmer, quieter alternative to standard cage banks.

Manufactured with durable fiberglass materials, Quiet Cottages create a warmer, quieter environment for dogs. The unique design also offers flexibility to support your canine population: Each 4' unit includes double doors for easier handling of large canines, as well as a removable panel that allows you to convert the unit into two smaller 2' cages. Option for no divider must be made at the time of ordering.

Available in a variety of configurations, door types and exterior colors, you can create the perfect environment for your canine friends.

Color-Specific Part Number Example:

QM03-LN-337

NOTE: To order, please provide a complete configuration that includes a selection from each of the numbered areas.

# ISO-Care™ Quarantine Cages

**A comfortable containment solution for isolating animals with contagions or quarantine restrictions.**

A growing number of veterinary hospitals and animal shelters are choosing the ISO-Care™ (D399609) for isolating animals due to contagious diseases or quarantine requirements. ISO-Care's innovative tempered glass design keeps all discharge within the unit – no more messy leaks! A two-tiered drainage system keeps wastes and liquids away from animals, exiting through ISO-Care's floor drain, which can be connected to a sewer outlet. A built-in fan vents contaminated air. A standard light provides added visibility to healing animals.

Available in single or double-deck configurations. Units ship completely assembled and ready for operation.

10010778-316	Single stack 30-1/4"W x 28"H x 31"D Aurora color	\$3,369.00
10010779-316	Double stack 30-1/4"W x 28"H x 34"D Aurora color	\$6,269.00
10010780-316	Single stack 42"W x 45-7/8"H x 31" D Aurora color	\$3,550.00
10010781-316	Double stack 42"W x 81-1/2" H x 31"D Aurora color	\$6,632.00

**NOTE:** For ordering information or to ask about part number items shown above, contact us at 1.844.856.1236, Leesburg location.

# Kennels

---

Spacious kennels allow canine companions to sniff and explore. With a variety of stylish and functional configurations, you can create a safe, comfortable containment area.

# Sani-Kennels

**Sani-Kennels are designed to look great while providing optimal comfort and safety for the animals in your care.**

The Sani-Kennel system is a highly configurable modular kennel design that is easy to clean, attractive and effectively supports air flow. With a wide range of panel sizes and designs to choose from, the system allows you to use existing facility floors, making it an ideal containment solution for a variety of animal care environments.

By combining the Sani-Kennel system with the patented Sani-Slope™ and Silvis Seal™, you can achieve superior floor mounting and leveling within your facility.

**PANEL OPTIONS:** Stainless Steel Panels, Wilsonart® Panels, Fiber Reinforced Panels (FRP), Wire Mesh

**GATE MATERIALS:** Tempered Glass, Stainless Steel Welded Wire, or any combination with or without isolation

**GATE STYLES:** Swing Gate

**ACCESSORIES:** Transfer Doors, Rest Benches, Top Covers, Raised Floors, Gate Tops, Feeding and Water Systems

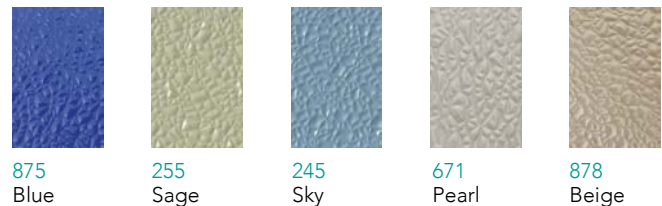

10010754-XXX	3' Sani-Kennel, Solid FRP Back panel, Color of choice	\$736.00
10010755-XXX	4' Sani-Kennel, Solid FRP Back panel, Color of choice	\$861.00
10010751-XXX	4' Sani-Kennel, FRP Side panel with wire, Color of choice	\$888.00
10010752-XXX	5' Sani-Kennel FRP Side panel with wire, Color of choice	\$1,052.00
10010753-XXX	6' Sani-Kennel FRP Side panel with wire, Color of choice	\$1,198.00

"XXX" denotes color choices, as seen to the right.

10010759	4' Standard Run Door, Glass	\$1,339.00

S.S. = Stainless Steel

# Silvis Seal™ + Sani-Slope™

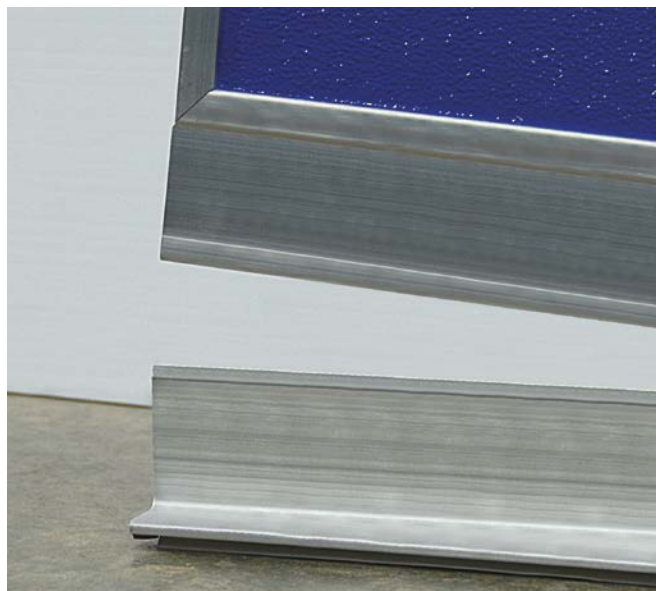

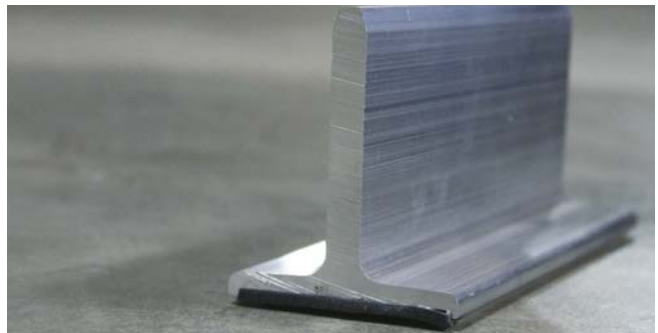

## Superior floor mounting AND leveling solution exclusively from Midmark.

Available only on Midmark's Sani-Kennel™ systems, the patented Silvis Seal™ (#8707903) and Sani-Slope™ achieve both superior floor mounting and leveling.

- Provides the ultimate solid watertight seal underneath division panels to ensure a one-of-a-kind layer of protection even if an isolation panel's silicone seal becomes cracked, hard or broken
- Prevents cross-contamination even when the primary bead of floor sealant has been breached or where there are cracks, waves, irregularities or other imperfections in the floor
- Tolerates harsh cleaning agents such as chlorine bleach and ammonia, and withstands the force of pressure-washing systems

## Sani-Slope™ Advantages:

- Panels quickly and easily level to match the floor slope
- No need to cut panels to match the floor slope
- Less worry about floor dimensions
- Easily adapted to coved walls

# Shor-Line Run System

Years of craftsmanship have gone into creating our industry-leading stainless steel kennels.

These runs are entirely constructed of stainless steel components, including a 1¼" stainless steel tube frame and door. A Sound Dampening Technology Core™ is compressed between two heavy-gauge stainless steel panels to help reduce kennel noise.

Kennels are available in many sizes and designs to fit the unique needs of your facility.

- Constructed with 1¼" stainless steel tubing with mitered corners and 16-gauge stainless steel hardware for exceptional durability.
- For added strength, ¼" stainless steel wire panels are spaced every 6 inches, wire-panel rods are welded at every third intersection, and rods pass into the gate frame tube.
- Hands-free latch operation with a dual-pin latch that can be locked for added security.
- Choose 48" isolation or full isolation side panels.
- Gate panels mount between side panels or walls.
- Wedge Kennel Run System follows the slope of the floor to prevent cross-contamination.
- Optional: Doors available in tempered glass or wire. Side panels and back panels are available with tempered glass or wire.
- Optional feeding systems for food and water are available but must be ordered when doors are ordered. Systems cannot be retrofitted.
- Standard Widths: 30", 36" and 48"  
Standard Depths: 5' and 6'  
Standard Height: 6'6" (approx.)  
7' 2" (approx.) on elevated PVC Floor

## Optional Glass Colors

FROSTED

# Single Kennels

Designed for durability, the quality of this kennel is evident in its premium features, such as welds at every third intersection and the smooth feel of crafted stainless steel. Choose the width and length to fit your needs, and mix and match side and back panels.

- Our most durable kennel system is constructed with full stainless steel throughout, with 1¼" square tubing for added strength.
- Stainless steel withstands regular cleaning and disinfecting without degrading.
- Install kennels as freestanding units or against a wall using modular components.
- Stainless steel side panels are sloped ¼" per foot. Other slopes are available by request.
- Optional PVC Isolation side panels are available in multiple colors to complement your decor.
- A Sound Dampening Technology Core™ is compressed between two heavy-gauged stainless steel panels to help reduce kennel noise.
- **Optional Accessories:** Top wire panel, side transfer door, stainless steel glass door, elevated PVC floor and swivel feeding system.
- Standard Widths: 30", 36" and 48"  
Standard Depths: 5' and 6'  
Standard Height: 6'6" (approx.)  
7' 2" (approx.) on elevated PVC Floor

## Front-to-Back Kennels

The Front-to-Back Kennel connects two single kennels back-to-back. The front-to-back configuration allows staff to transfer an animal from one side to the other without contact by using a pulley-system transfer door.

- **Optional Accessories:** Top wire panel, side or back transfer door, stainless steel glass door, elevated PVC floor, swivel feeding system.
- Standard Widths: 30", 36" and 48"  
Standard Depths: 10' and 12'  
Standard Height: 6'6" (approx.) on concrete or 7' 2" (approx.) on elevated PVC Floor

## Shor-Line Side-to-Side Kennels

The Side-to-Side Kennel connects two Single Kennels, creating more space for larger dogs or dog families. The side-to-side configuration also allows staff to transfer an animal from one side to the other without contact by using a pulley-system transfer door.

These kennels can be installed as free-standing units or mounted to an existing structural wall.

- Part of our most durable kennel system.
- Stainless steel side panels are sloped  $\frac{1}{4}$ " per foot. Other slopes are available by request.
- A Sound Dampening Technology Core™ is compressed between two heavy-gauge stainless steel panels to help reduce kennel noise.
- **Optional Accessories:** Top wire panel, side or back transfer door, stainless steel glass door, elevated PVC floor, swivel feeding system.
- Standard Widths: 30", 36" and 48"  
Standard Depths: 5' and 6'  
Standard Height: 6'6" (approx.) on concrete or 7' 2" (approx.) on elevated PVC Floor

• Tempered glass panels fit into stainless steel frames for durability.

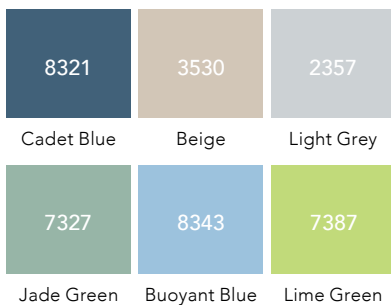

# T-Kennel Run System

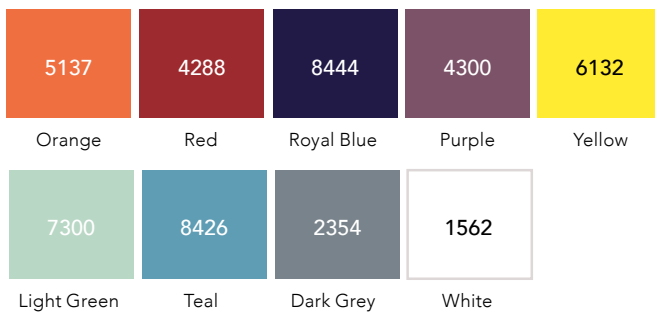

The configurable T-Kennel Run System allows you to design a room (or a row of rooms) that maximize your space. Constructed with the improved T-Core with Perfect Panel Design™ that employs a state-of-the-art lamination process to bond two sheets of acrylic PVC to an extra-dense foam core. The result is an extremely strong, lightweight and sound-dampening panel that helps lower pet stress by reducing kennel noise.

The two-piece construction lets you choose the upper flag piece: stainless steel or galvanized wire, glass or a full isolation panel.

## Standard PVC Colors

## Premium PVC Colors

- 6' run height.
- 1" square tubing with mitered corners (Stainless Steel or galvanized available).
- 3/16" Stainless Steel wire panel spaced every 6" for security. (Galvanized is 0.177" diameter wire).
- Wire panel rods welded at every third intersection.
- Choose between Stainless Steel, Galvanized Steel or Tempered Glass gate.
- Gate can open in or out and is completely removable.
- Tempered Glass available on doors, side panels and/or back panels.
- Rods pass into gate frame tube for added security.
- 16-gauge Stainless Steel hardware.
- Single Pin Latch for security (can be locked) and Hands-Free latch operation.
- Side and back panels use our T-Core with Perfect Panel Design™ that bonds two PVC panels to an extra-dense foam core. The heat and pressure used for the sandwiched foam and PVC help reduce kennel noise while adding strength. Stainless steel trim adds a stylish touch while providing added protection against chewing.
- Side and back panels can have top sections of Stainless or galvanized steel, tempered glass or PVC isolation panels.
- Provides triple protection from cross contamination with the Perfect Panel's channel design. We construct the channel from durable, corrosion-proof PVC that adds longevity.
- Optional feeding systems for food and water are available but must be ordered when doors are ordered. Systems cannot be retrofitted.

# Single Kennels

The T-Kennel Single Kennel is an ideal starting point in your kennel design. Constructed with our T-Core with Perfect Panel Design™ for added strength and sound-dampening, kennels are available in a variety of options. Choose colored PVC, tempered glass, stainless and galvanized steel. Mix and match materials to fit your budget and facility aesthetic.

- You can install freestanding or against a wall.
- Includes one 2' wide gate that opens inward and outward, and the door is completely removable.
- Has two slots for optional slide-in feed and water trays. Kennels less than 4' wide will have only one feed tray slot.
- Raised floor systems have leveling legs and can span 32' in either direction to correct floor imperfections, without the need for a stub out.
- Triple Sealing Channel follows the slope of the floor (up to ¼" per foot) to prevent cross contamination. Special design provides extra sealing power. Other slopes available by request.
- Raised floor systems include a back panel.
- Easy-to-clean PVC Panels are available in multiple colors to complement your decor.
- **Optional Accessories:** top wire panel, side transfer door, Half T-Cover, stainless steel wire door and stainless steel glass door. Choice of stainless or galvanized steel components.
- Standard Widths: 3', 3'6", and 4'  
Standard Depths: 3', 4', 5', 6' and 8'  
Standard Height: 6' (approx.) on concrete  
6' 10" (approx.) on raised floor

Use our online configurator to explore options.

This half T-Cover hides the back trench drain to protect curious dogs while allowing drainage and staff access for cleaning.

# Side-to-Side Kennels

The T-Kennel Side-to-Side Kennel is ideal for housing larger dogs or families of dogs. Kennels feature a pulley-system side transfer door that allows staff to open the transfer door and move the animal to the other side without direct contact with the animal. Kennels can be freestanding or mounted on an existing structural wall.

- Durable frame is constructed with 1" square tubing.
- Includes two slots per compartment for optional slide-in feed and water trays. Kennels less than 4' wide will have one feed-tray slot.
- Raised floor systems have leveling legs and can span 32' in either direction to correct floor imperfections, without the need for a stub out.
- Each compartment has one 2'-wide gate that opens in or out, and the gate is completely removable.
- Side and back panels use our T-Core with Perfect Panel Design™ that bonds two PVC panels to an extra-dense foam core. The heat and pressure used for the sandwiched foam and PVC help reduce sound while adding strength. Stainless steel trim adds a stylish touch while providing added protection against chewing.
- Triple-sealing channel follows the slope of the floor (up to ¼" per foot) to prevent cross contamination. Special design provides extra sealing power.
- Easy-to-clean PVC Panels are available in multiple colors to complement your decor.
- **Optional Accessories:** top wire panel, side transfer door, half T-cover, stainless steel wire door, stainless steel glass door, and swivel feeder or feed slots. Choice of stainless or galvanized steel components.
- Standard Widths: 3', 3'6", and 4'  
Standard Depths: 4', 5', 6' and 8'  
Standard Height: 6' (approx.) on concrete  
6' 10" (approx.) on raised floor

# Front-to-Back Kennels

The Front-to-Back Kennel System places two single kennels back to back, separated by a full width, counterweighted, transfer door. The enclosed double pulley system enables the operator to open the transfer door from either side to transfer the animal from one side to the other, without direct contact. This is a time saver as well as a safety feature.

Facility managers have reported quieter and calmer dogs because the animals are not facing each other.

This system can sit directly on the finished floor or have a raised floor system with an integrated trench drain system covered by the Full T-Cover.

- An enclosed double-pulley system operates a full-width, counter-weighted transfer door that can be opened from either end to simplify animal transfer.
- **Optional accessories:** top wire panel, side transfer door, stainless steel wire door and stainless steel glass door. Choice of Stainless or galvanized steel components.
- Standard Widths: 3', 3'6", and 4'  
Standard Depths: 8', 10', 12' and 16'  
Standard Height: 6' (approx.) on concrete  
6' 10" (approx.) on raised floor

# Double Decker Kennels

The Double Decker Kennel Run System saves valuable floor space by stacking two kennels on top of each other. If the unit is installed at ground level, the bottom of the top kennel is 35" off the floor, or approximately at typical counter height. Use color of the PVC panels or select tempered glass to create a statement.

- **Optional Accessories:** Side transfer door and stainless steel or tempered glass door.
- Standard Widths: 3' and 4', Standard Depths: 3' and 4'  
Standard Height: Each opening is 34" high, overall height  
6' (approx.) on concrete  
6' 10" (approx.) on raised floor

# Tri Kennels

The Tri Kennel pairs our Double Decker Kennel Run with a Single Kennel to create a flexible housing unit. The full-width, counter-weighted, transfer door allows the pet to travel from one lower unit to the other.

This configuration works best in large rooms where there is adequate space to install both sides of the kennel run system. It can be a good choice for housing dog families.

- **Optional Accessories:** Top wire panel, side transfer door and stainless steel or tempered glass door.
- Standard Widths: 3', 3'6", and 4', Standard Depths: 8', 10', 12'  
Standard Height: 6' (approx.) on concrete  
6' 10" (approx.) on raised floor

# Quad Kennels

The Quad Kennel System saves floor space while giving you the flexibility of stacked housing with the space of a kennel run. With the Double Decker Kennels back to back, a full-width, counter-weighted, transfer door allows a pet to move freely between the lower units.

If the unit is installed at ground level, the bottom of the top kennel is 35" off the floor, or approximately at typical counter height. This works well in larger areas in which you can move down one row tending to needs and back up the other side.

The Quad Kennel System can sit directly on the floor, or have a raised floor system with an integrated trench drain system covered by the full T-Cover for the lower kennel and two half T-Covers for the upper kennels

- **Optional Accessories:** Side transfer door and stainless steel or tempered glass door.
- Standard Widths: 3', and 4', Standard Depths: 6', 8'  
Standard Height: Each opening 34" high; overall height  
6' (approx.) on concrete  
6'10" (approx.) on raised floor

T-Kennel Double Decker Kennel

T-Kennel Tri Kennel

T-Kennel Quad Kennel

# Kennel Feeder Systems

## Swivel Feeder

Makes quick work of feeding and watering animals. Simply place the food and water in the holders at the correct height and swivel the items into the kennel. Lock in place.

- Made of durable stainless steel.
- Fits 21¾" W x 10½" H opening.
- For Shor-Line kennels, choose between Options A, B or C. For T-Kennels, choose Option B or C.

**Option A** – Feeder system with 2-Quart Double Bowl

**Option B** – Feeder system with 1-Quart Double Bowl

**Option C** – Feeder system with 4-Quart pail and 1-Quart Bowl

Note: These feeders cannot be retrofitted, they must be ordered when kennel is built. Part number determined at time of order.

OPTION A

OPTION B

OPTION C

## T-Kennel Stainless Steel Feed Tray

The feed tray keeps food in the tray and makes feeding easy. Just slide in and pull out. Only available on T-Kennel doors.

- Made of durable Stainless Steel.
- Available as locking (right) or non-locking.
- You can fill and clean without entering the kennel.
- 8" W x 9.625" L x 1.813" D

041.0018.07      Stainless Steel Feed Tray      \$72.00

# Kennel Run Accessories

## PVC Flip-Up Run Bench

Perfect solution to provide a large dog resting area inside an existing run.

- Retrofits to most 36" W or 48" W kennels. If there is a trench drain in the back, the bench sits over the drain but does not interfere with it. It lifts up easily for hosing down the run.
- Available in various colors.
- 33¾" W x 22" L x 3" H and 45¾" W x 22" L x 3" H

Part number determined at time of order.

## BiteGuard KennelPlex™ Door

Biteguard KennelPlex™ door lets dogs choose when to go outside. It saves staff time and increases canine satisfaction. The door closes automatically, to minimize the impact of an open door.

Rough opening is 16.125" W x 24" H. Dog passage is 13.375" W x 24.375" H.

909.0002.00      16" W x 24" H      \$1,227.00

909.0002.02      Wall Frame      \$1,488.00

909.0002.03      Wall Mount with Tunnel      \$1,157.00

# Dog Daycare Room Dividers

Dog Daycare Room Dividers from Midmark create customized spaces and flexible room dimensions. Popular in doggie day care, this mobile panel system can be moved around the room as needed to create flexible play spaces, which can be ideal for separating larger and smaller dogs during open play time. Isolation panels can be constructed with pet safe materials using FRP or Wilsonart® in any size, shape or dimension. They can be built with a door to allow staff access to either side of the play areas. Additionally, the divider panels are on casters, making it possible to wheel them into multiple configurations. The result is a flexible, economical way to divide spaces without requiring permanent walls.

# Chain Link Runs

Made with Midmark's exceptional quality and workmanship, our chain link runs offer flexibility and value. Available as stand-alone units or to connect multiple runs, their modular construction allows you to build enclosures of nearly any size and configuration.

Electro-galvanized wire is woven in-house and hand-laced for a smooth, tight and taut finish without sharp edges or burs.

Durable yet economical, Midmark chain link is ideal for a variety of settings, from outdoor boarding runs to military and working-dog facilities.

Two wire gauges available: 9 and 11  
Two mesh sizes available: 1.5" and 2"

## Top Dog Modular Pens

Crafted with precision and durability, these modular components expand your layout options.

### Run Features:

- One swing gate or stall front
- Two side fence panels
- One back fence panel

### Run Size:

All runs are 74" high  
4'x10', 4'x12', 6'x10', 6'x12', 10'x10', and 10'x12'

### Available Mesh Sizes:

1.5" diamond at 11 gauge

Common-sized, ready-to-ship kennels available in single and multi-run configurations.

# K-9 Cabin Double-Stacked System

**Stacked systems double your capacity without occupying added floor space.**

The K-9 Cabin Double-Stacked System maximizes the number of animals you can accommodate within your space. Unit dimensions are customizable, ensuring that you can create a containment space appropriate for your facility.

With a wide range of gate styles and material choices, units can be configured back-to-back or against a wall. Optional accessories include built-in feed and water bowls.

## CUSTOMIZABLE OPTIONS

**Panels:** Stainless Steel Panels, Wilsonart® Panels, FRP Panels

**Gate Material:** Tempered Glass, Stainless Steel Welded Wire

**Gate Styles:** Swing Gate

**Accessories:** Feed and Water Systems

# Luxury Walk-In Dog Suites

**Luxury Dog Suites provide long-term or short-term living space for dogs.**

Luxury Walk-In Dog Suites provide the functionality of a kennel without an institutional look. Rooms are more colorful and can be outfitted with beds, rugs, pictures and televisions for a living space or play area for dogs.

Additionally, a fixed piece next to the door can be solid glass or infilled with a variety of materials to create privacy. The door can be configured in the same manner as well to add privacy. The Luxury stall front can be configured with Luxury Suite isolation panels or used with block wall or other materials.

*Accessories not provided.*

# Modular 2-Story Double-Deck Kennels

**Double your revenue opportunity with a two-story kennel system.**

If you're limited on floor space within your facility, you may be able to expand vertically. The Midmark patented Modular 2-Story Double-Deck™ Kennels create a second level of boarding runs with full-height, easy walk-in access for dogs and staff.

Engineered for flexibility, Double-Deck Kennels conform to a wide range of building dimensions, enabling you to install the system in rooms as narrow as 18' with only 14' of interior headroom. Double-Deck Kennels feature a complete plumbing and drainage system for the upper level and aisles. Stairways, provided by your vendor-of-choice, can be easily positioned in various locations.

Choose from back-to-back or single-row styles, with a variety of side panel styles, gates and accessories.

**NOTE:** For ordering information or to ask about part number items shown above, contact us at 1.844.856.1236, Leesburg location.

# Specialty Kennels

## Space Savers

### Maximize Your Space and Increase Your Bottom Line.

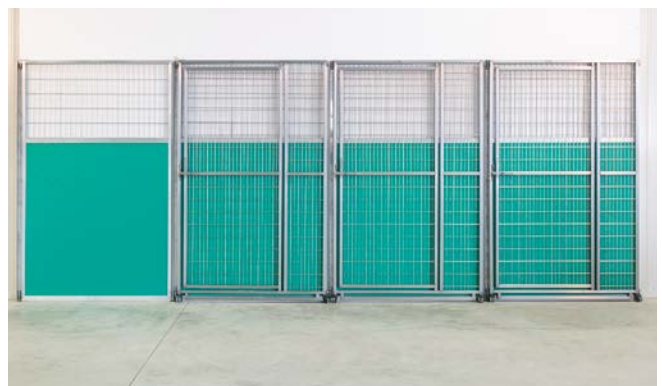

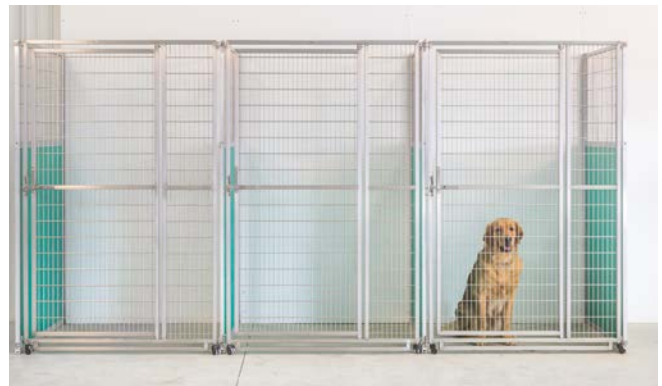

Midmark's innovative Space Saver Folding Kennels offer the ultimate flexibility. Whether you want to create an isolation area or an overflow option for boarding, these collapsible kennels are ideal for pet resorts or veterinary clinics that want to easily customize a space as needed.

The Space Saver kennels use the existing floor with Midmark's patented SilvisSeal to prevent cross-contamination and spreading disease through the flooring system.

Standard sizes are 3' x 3' or 4' x 4'.

The upper section can be designed with stainless steel wire, bone grid or a solid material (FRP, Wilsonart® or stainless steel over Polycore). The bottom section can be designed with FRP, Wilsonart® or stainless steel over Polycore.

*Note: The system requires a flat solid wall and an additional kennel width of clearance on both sides.*

# Specialty Kennels

## Folding Kennel

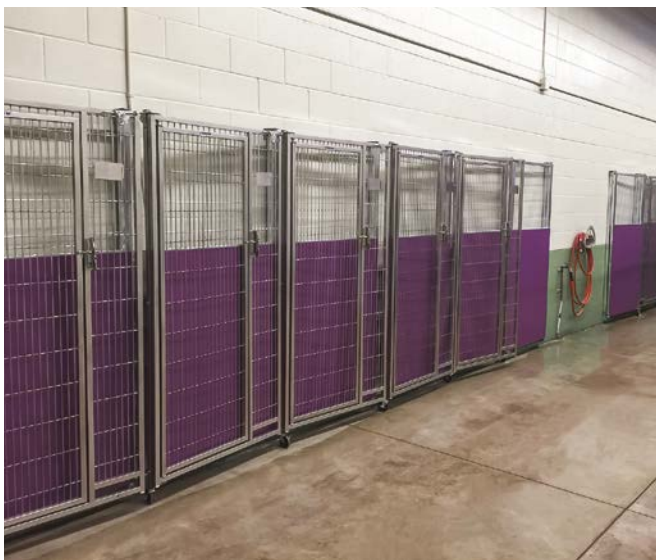

The Folding Kennel is a unique concept in dog kenneling. You can turn a room into a play area during the day and have overnight accommodations in the evening.

Our Folding Kennel gives you a wall of kennels when it is unfolded and then folds up against a wall to a 7-inch footprint.

Available opening sizes: 36"W x 37¼ "L or 48"W x 49¼ "L.  
Folding Kennel US Patent #8,438,995

This facility made use of a narrow area.

When not in use, the kennels stay tucked away. Store against the wall for a 7" D footprint.

## A GREAT SPACE SAVER!

Customers who have purchased the Folding Kennel since it was introduced have found great uses for it.

- Maximizes floor space; can fold out one kennel at a time.
- Provides resting areas for dogs in daycare or safe "time out" rooms.
- Gives emergency kennels for overflow boarding times.
- Offers flexible multi-purpose housing for special services (grooming, dog training, physical therapy).

You have the option of opening up just one or two rooms. Pull out just one room.

...or two rooms while others stay against the wall.

Fully unfolded, the kennel is approximately 3'W x 3'L or 4'W x 4'L.

# UltraBase™ Above Floor Kennels

## No floor seam to bend, break or leak.

The Midmark UltraBase™ Above Floor Kennel System allows for the installation of indoor kennels in spaces not normally constructed for housing animals. The elevated floor allows kennel spaces to be installed in locations that weren't previously possible.

The one-piece molded fiberglass base has a gentle side radius that extends up 6" so there is no floor-side seam to flex, crack and leak over time.

The base unit securely attaches to Midmark's isolation side panels for a watertight seal. The Midmark UltraBase™ features a slip-resistant floor base unit carefully engineered with an easy-to-clean special permanent texture and adjustable legs, that allow for installation on uneven floors.

# Stainless Steel Kennels

## A superior floor-mounting and leveling solution.

SilvisSeal is now available as part of the optional floating channels and features:

- 22 gauge 304 stainless steel
- 3/8" diameter stainless steel rods on doors and side panels
- 1" stainless steel square tubing
- 4' of isolation with stainless steel

Sani-Slope™ panels are easy to level to match the floor slope within your facility, without requiring custom trim panels. Panels adapt easily to coved walls.

## STANDARD DOOR

- Reversible stainless steel doors – side by side units may be opened in opposite directions
- Stainless steel door hinges are mounted on the top and bottom, not the side

## SLIDING DOOR

- One-hand operation
- Maximizes kennel room and eliminates the need for "swing door" space
- Maintenance-free marine grade anodized aluminum glide
- Available with stainless steel rods or glass panels

## GLASS DOOR

- Full view for easy observation
- Convenient cleaning
- Aesthetically pleasing
- Scratch resistant
- Available in sliding or hinged models

### Edge Banding Color Options

Add a pop of color to your condos with polyethylene edge banding. It is available in four different colors, and you must place the band color with your order.

#### Edge Banding Colors:

# Ventilation Options

Shor-Line provides both a passive and an active ventilation system for the Feline Comfort Suite.

**You must order vents to be cut when you order the housing.**

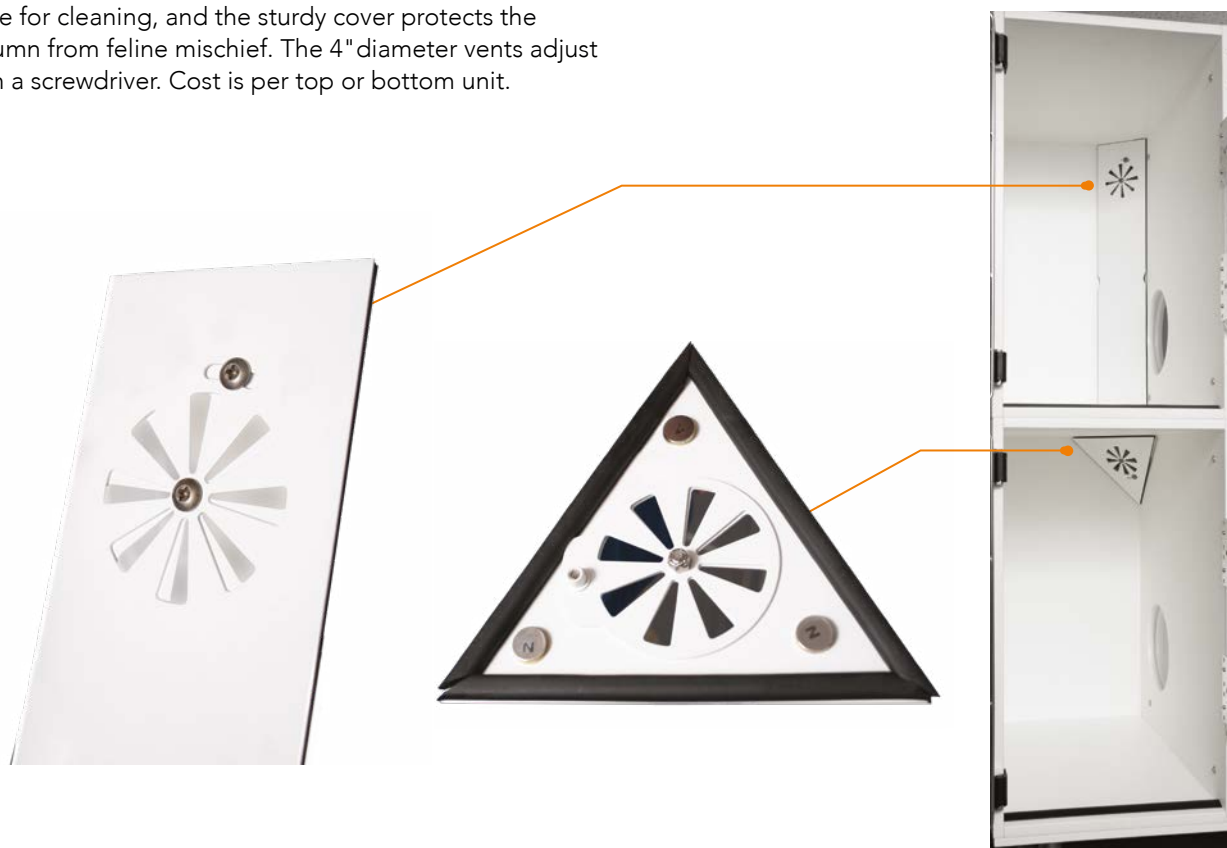

## Passive Ventilation

Two 3¾" diameter vents in the main area and one in the litter area allow air to flow through the unit. We place them high to capture flow through all our door styles. Cost is per vent.

## Active Ventilation

An active ventilation system provides optimum air flow and circulation. This system attaches to your air system duct through a standard 4" diameter opening. The angled air registration column on the top unit fits snugly in the corner and in the top corner of the bottom unit (see picture), optimizing living space. A cover attaches magnetically, allowing you to easily remove it through the cage for cleaning, and the sturdy cover protects the column from feline mischief. The 4" diameter vents adjust with a screwdriver. Cost is per top or bottom unit.

# Specialty Cat Housing

## Cat Play and Sleep

Create a playful, colorful environment for your feline friends with a large play area attached to four lounging quarters with feeding and sleeping space and attached litter area. Provides exercise without having to move the cats!

- Large center play area has two horizontal lookout shelves (24"W x 60"H with L-shaped benches).
- Spacious sleeping areas have attached litter/bedroom areas with pass throughs you can open or close from the outside.
- Choose between a tri-door or polycarbonate door for the main living area. (Photo shows both options.)
- Optional color accents available through edge band colors shown on page 84.
- Total height as shown: 72"H, or 77"H with caster base.
- The unit is available with or without storage. The with storage picture, below, shows the unit with five 24"W drawers; but doors are also available.
- 4 - 30"W x 30"H main units each with attached 18"W litters; 5 - 24"W drawers. All areas are 28¾"D. Play area is 24"W x 60"H.

Cat Play and Sleep no storage

Cat Play and Sleep with optional storage

# Cat Condos-Raintree™

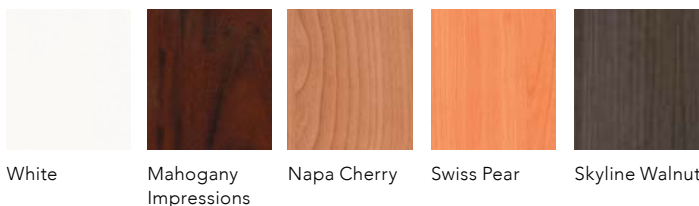

**Raintree™ Cat Condos are beautiful, durable, high-quality furniture pieces with amenities to pamper finicky felines.**

Designed specifically for feline boarding needs, standard features include a built-in feeding/watering ledge, a resting shelf and a privacy area for litter. The Raintree™ Cat Condo is the ultimate in comfort and functional design.

Each condo consists of a top and bottom unit with coated wire mesh doors for healthy air circulation, or optional tempered glass doors and internal air ducts. Each module is 84" tall, 24" wide and 24" deep. Stainless steel hinges with a soft close feature help decrease stress and anxiety by eliminating slamming doors that can startle and scare cats.

# Cat Towers

## Maximize space with customized high-rise living for cats.

Towers feature larger, multi-level areas of space that allow cats to explore, play or rest as they need. The vertical, high-rise footprint is ideal for maximizing space within your facility while economizing floor space.

Units are modular, customizable and available in a variety of non-organic materials that enable you to create an enriching and attractive environment for your feline friends.

Optional portals can be added, as well as designated feeding and litter areas. Cat Towers can also be configured using Raintree™ Cat Condos as the main living areas and Cat Towers as supplemental play spaces. The possibilities are unlimited when creating spaces for happier, more relaxed cat residents.

### CONFIGURABLE OPTIONS

**Panels:** Stainless Steel, Wilsonart®, FRP Panels

**Finishes:** Stainless Steel, Tempered Glass,

**Accessories:** Shelves/Ledges, Portals, Bowl Systems

# Custom Cat Runs

**Cats will enjoy multiple levels of climbing ladders and perching shelves for exercise, rest and play.**

Custom Cat Runs deliver the greatest amount of design flexibility for your facility—units are available in two heights, 76" and 88".

Available with durable FRP, stainless steel or Wilsonart® side materials, Cat Runs feature Midmark's patented stainless steel two-way latch system and can be configured with a variety of gate styles, and with or without cat doors.

Enjoy the flexibility of creating an attractive cat space suitable for your facility and your feline friends.

## CONFIGURABLE OPTIONS

**Panels:** Stainless Steel, Wilsonart, FRP Panels

**Finishes:** Stainless Steel, Tempered Glass, Stainless Steel Slide Gates

**Accessories:** Shelves/Ledges, Portals, Bowl Systems

NOTE: Shelves and ledges have a max width of 60"

# Play-Around™ Cat Kennel

Need a bigger place for cats to play? The Play-Around lets cats climb, jump and play while safely enclosed.

The kennel is exceptionally durable, yet its color and tempered glass let you showcase the frolicking felines, making the unit as good for your facility as it is for the cats.

- Sturdy Stainless steel or galvanized steel frame with 1"-square welded tubing.
- 16-gauge single pin latch (can be locked).
- Two lower resting lounges and one large upper lookout perch.
- 49"W x 86½"H x 48"D. (Height includes caster base)

Lower Lounges                    12"W x 24"D

Lookout Perch                 26"W x 12"D

# Luxury Cat Condos

Based on guidelines from the Association of Shelter Veterinarians (ASV), Luxury Cat Condos are ideal for animal shelters.

Luxury Cat Condos are attractive and quiet, contributing to less stress and anxiety for cats. Incorporating best-practice recommendations from the ASV, condos offer separate areas for sleep, exercise and litter, enabling cats to explore, retreat and rest as they'd like. All of which help reduce stress for cats, which has been shown to improve adoption rates for shelter animals.

Luxury Cat Condos feature perching shelves; easy-close portal doors that eliminate the jarring door-slam; and wire-grid fronts that increase airflow while making it easier to interact with the cats.

Units are available in 3' and 4' widths, and single or double-stack configurations. Each comes standard with swivel-type casters for easy movement. You can also choose from a variety of non-organic materials, and door, window and portal styles.

## CONFIGURABLE OPTIONS

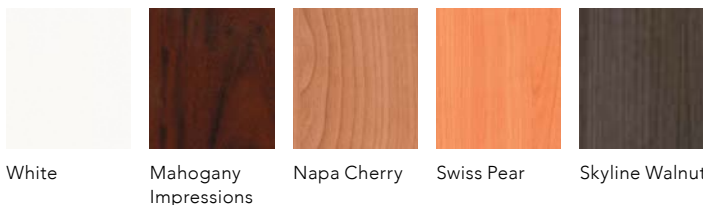

**Finishes:** Skyline Walnut, Mahogany Impressions, Napa Cherry, Swiss Pear

**Accessories:** Glass Fronts, Wire Fronts, Glass Backs, Vertical/Horizontal Portals, Keyed Latches

## GLASS FRONT OPTION

Luxury Cat Condos can be ordered with glass fronts for a much healthier and more secure way to house cats. The glass is offset 1/8" and hangs over the door, allowing air to circulate under and into the cat's living space and keeping debris and disease from traveling to other units.

**NOTE:** For ordering information or to ask about part number items shown above, contact us at 1.844.856.1236, Leesburg location.

# Grooming

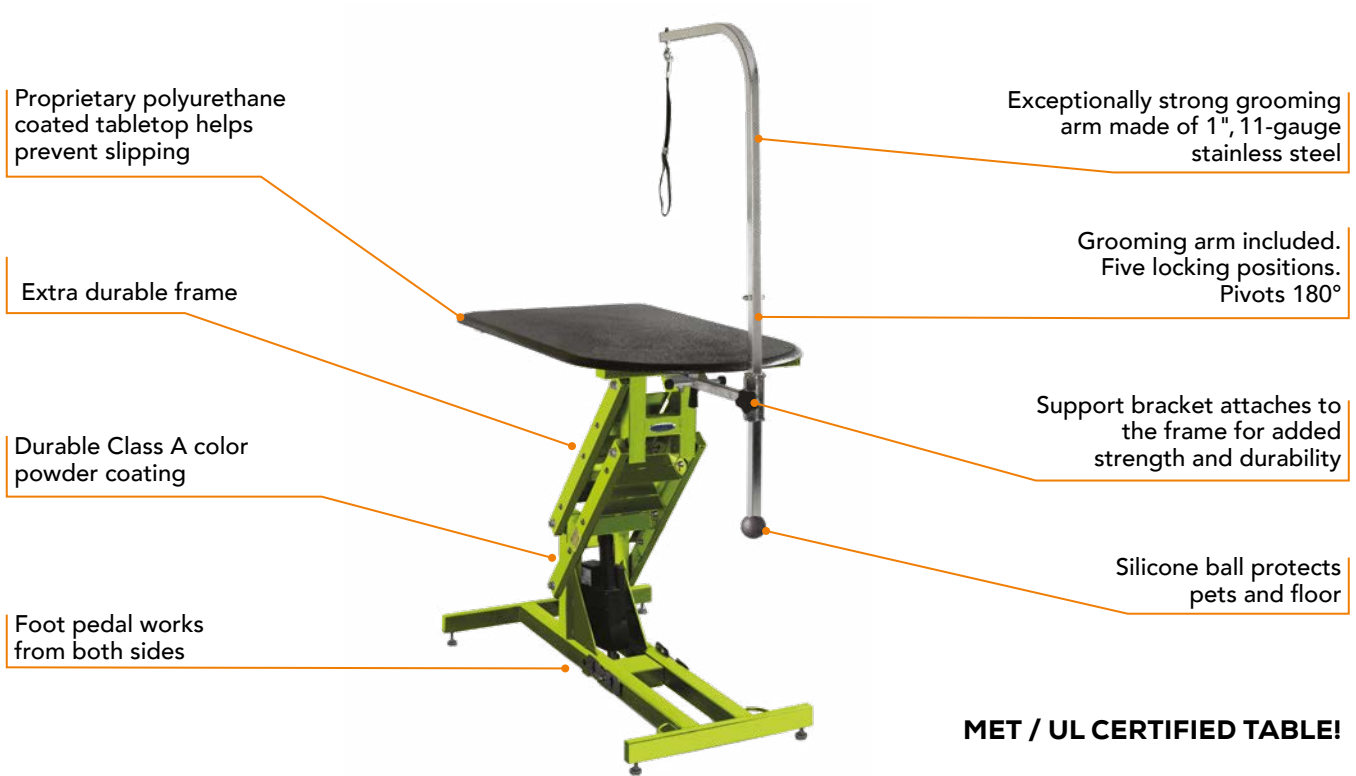

---

Our grooming tables are designed with premium features and built to last. The grooming tub line delivers durable and dependable options, from the exceptional Elite Grooming Tub to the Small Animal Bathing Tub.

# Anatomy Of A Grooming Table

## Big Top™ Grooming Table

Designed with an oversized tabletop and enhanced ergonomic features, the Big Top Grooming Table allows you to lift your clients on a secure, coated tabletop. The pivoting grooming arm is highly adjustable, enabling you to work more comfortably.

### Tables are designed for animal use only.

- Pivoting grooming arm travels 180° around the end of the table. The arm locks into five positions horizontally, any position between 22" and 39" vertically and the loop hook has six position choices.
- Proprietary polyurethane coated tabletop provides a secure and comfortable surface for the pet. Plus, it's durable and easy-to-clean.
- Smooth and quiet lifting system can be operated from both sides of the table.
- Silicone ball at end of arm protects pets and prevents floor damage.
- Other features include: leveling legs; powder coated heavy-gauge steel construction; actuator lifts up to 200 lb from 20" to 41" high and new, super-sized 48" L x 26" W tabletop.
- This table is MET / UL certified.

## Economy Grooming Table

The Economy Grooming Table is an affordable piece of grooming equipment featuring a durable, textured top and a quiet, dependable hydraulic lift. Add an optional grooming arm, and you are in business.

The Economy Grooming Table provides the same key features you love in Midmark tables, including a large table surface and an ergonomically-designed tabletop that protects your hips and hands and provides a durable lift.

- Efficient hydraulic lift works in a scissors-lift fashion.
- The durable tabletop features a large working surface that holds the pet and your smaller equipment.
- You can add an optional Economy Grooming Arm.
- All features allow the groomer to operate the table efficiently and comfortably.
- Proprietary polyurethane coated tabletop provides a secure and comfortable surface for the pet. Plus, it's durable and easy to sanitize.
- Clean white finish lasts because of the powder coated, heavy-gauge steel construction.
- Grooming Arm not included, sold separately.

903.3230.00 Economy Grooming Table - White \$1,435.00

803.3221.08 Economy Grooming Arm \$657.00

Shown with optional Economy Grooming Arm.

Optional Economy Grooming Arm attaches to the rear of the table frame in a fixed location.

Use of non-Midmark after market accessories is not recommended and could void limited warranty.

# All Purpose Tables

All-Purpose tables provide a great workspace for everything from drying the pet to applying the final nail polish and bows.

Delivering durable construction and a budget-friendly price, it could become your go-to table for last-minute prep.

- Beauty meets durability in this versatile table.
- The durable black tabletop features a large working surface that holds the pet and your smaller equipment.
- Proprietary polyurethane coated tabletop provides a secure and comfortable surface for the pet.
- Rounded corners are gentler on your hips.
- All features allow the groomer to work at the table efficiently and comfortably.
- Bottom bar area can be equipped with a basket or tub to hold items.
- Clean color lasts because of the powder coated, heavy-gauge steel construction.
- Table Overall Size is 42.125"W x 34.063" to 35.563"H x 26.125"D. (The legs adjust for floor imperfections.)

903.4227.00 White \$856.00

## Supply Caddy

## Elite Grooming Tub

The Elite Grooming Tub is packed with features like slip-resistant steps that enable larger grooming clients to enter and exit the tub without heavy lifting on your part. The tub's durable construction features a 1-inch square tube frame that provides added strength to the one-piece backsplash. Made of stainless steel, the tub remains stable whether it is free-standing or placed against a wall, while adjustable feet allow you to place the tub on almost any surface.

- Constructed with radiused corners along all the corners of the tub.
- 45° angles on the front edges add an element of safety and aesthetic appeal.
- Steps slide in and slide out with the touch of your foot, allowing you to keep your hands free and limit bending.
- Slip-resistant tread on steps.
- PVC coated tub floors have the option of a floor panel set upon the rails to raise the bathing platform to an ergonomic showering level.
- Door is completely removable and features the hinges that are used on our cages.
- Door latch is easy to use and constructed of the same long lasting material as our hinges.
- Sliding restraint ring design allows dogs to be turned around in the tub without detaching the safety lead.
- Removable Supply Caddy comes with 2 plugs to close unused mounting holes.
- **Includes:** Supply Caddy, 2 PVC coated tub floor panels, and restraint ring.
- Hair Trap, Drain Insert and plumbing fixtures sold separately.
- 55¼"W x 60"H x 24"D

904.0702.40 Left Hand Door, Right Hand Drain \$6,389.00

904.0702.41 Right Hand Door, Left Hand Drain \$6,389.00

### OUR MOST POPULAR GROOMING TUB

Scan QR Code for additional options

## Classic Grooming Tub

This basic grooming tub is filled with features. Durability comes standard with a sturdy tube frame construction strengthening the one-piece backplash. Adjustable feet make it durable whether it is freestanding or placed against a wall.

- Constructed with radiused corners along all the corners of the tub.
- 45° angles on the front edges add safety and aesthetic appeal.
- Move the included PVC coated tub floors onto the rails to raise the grooming platform and help reduce strain on your back.
- Sliding restraint ring design allows you to turn dogs around without detaching the safety lead.
- Use the Supply Caddy or remove it, using the two provided plugs.
- **Includes:** Supply Caddy, 2 PVC coated tub floor panels and restraint rings.
- 60"H x 55¼"W x 24"D
- Hair Trap, Drain Insert and plumbing fixtures sold separately.

## Small Animal Bathing Tub

The Small Animal Bathing Tub is ideal for bathing smaller animals. It is designed to promote proper ergonomics and comes with a stainless steel grill that allows pets to be positioned for better reach. Additionally, the tub has a high backsplash that helps keep water in. A convenient supply caddy keeps necessary items within easy reach.

- This sturdy tub is constructed from 18-gauge stainless steel and strengthened with a tubular frame.
- Adjust the height of the stainless steel tubular legs with new stainless steel triangular feet that feature two mounting holes to secure the tub to the floor.
- The triangular feet allow you to mount the tub directly against the wall or corner.
- The grill sits 4" off the tub floor.
- Backsplash is 30"W x 27"H from the bottom of the tub. Left and right side splashes are 24"L x 27"H.
- Stainless steel Tie-Down Ring mounted on backsplash.
- Mounting holes centered on the backsplash and side splashes on 8" centers for optional plumbing fixture with sprayer handle and Supply Caddy.
- **Includes:** Stainless Steel Supply Caddy, 4"H stainless steel grill floor and plugs for mounting holes not in use.
- 52"H x 30"W x 24"L. Tub is 11" deep and the lip of the tub is 36" (counter-height) from the floor.
- Hair Trap, Drain Insert and plumbing fixtures sold separately.

904.0752.30 Small Animal Bathing Tub 367 lb  
\$3,989.00

## Grooming Arm

The Grooming Arm is a great item that works with other grooming tables. While other arms may collapse under pressure, the Grooming Arm stays strong.

- Arm made out of 1", 11-gauge Stainless steel.
- 1" square tube holds up when other arms collapse under pressure.
- Retrofit arm sits in your table's support bracket.
- Retrofit arm sits into the bracket shown. Support bracket attaches to the frame for added strength and durability.
- The Grooming arm can fit competitive tables. Contact a sales representative for more information.

703.3220.43 Retrofit Grooming Arm 6 lb \$176.00

Scan QR Code for additional options

(Picture shows how it attaches, but only the grooming arm is included.)

## Wall Mount Faucet, Stainless Steel Hose

- 12" swing-away nozzle and self-closing spray head.
- Flexible, 96" Stainless steel hose extends for easy cleaning of those hard to reach areas.
- Wall mount hanger hook holds hose and spray head when not in use.
- Does not include Backflow Preventer.

804.0006.82    Stainless Steel Hose    12 lb    \$1,204.00

## Wall Mount Faucet, Blue Coil Hose

- Comes with strainer basket.

804.0008.25    Sink Drain Kit and Strainer Basket    1 lb    \$66.00

## Hair Trap

- Removable plastic filtering system.
- Intercept the fur before it clogs your plumbing.

704.0702.26    Hair Trap    3 lb    \$373.00

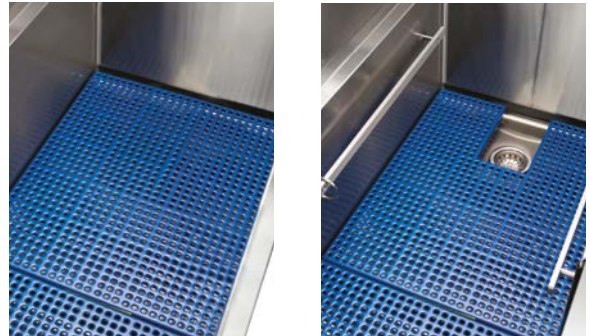

# Grooming Accessories

## PVC Coated Tub Floors

Our coated tub floors provide sure footing for pets while bathing or dipping. The notched floor piece features easy drain access.

- Designed to be used in our Elite Grooming Shower or Tub and Classic Grooming Tub. Use two pieces per tub or shower—one solid and one with a notch. Note: The products listed above come standard with this set of floors.
- Floor is coated with approximately 1/8" thick non-toxic PVC coating, which is approved for animal use.
- Sturdy frame and 3 3/4" legs with a heavy-gauge perforated sheet steel.
- Openings are approximately 3/8" diameter after PVC coating.

317.0098.57	30" L Grill Floor Piece, Solid	\$194.00
317.0098.58	30" L Grill Floor Piece, with Notch	\$252.00

## Anti-Fatigue Mat

Thick anti-fatigue mat to help minimize leg and back discomfort common after long hours of grooming.

- Constructed of dual-density, closed-cell foam that distributes your weight without feeling "unstable."
- Gives your muscles a rest as they adjust to the flexibility of the mat, promoting circulation.
- Mats are 1/2" thick with tapered and rolled edges.
- Embossed pebble surface with a black color. Cleans easily with soap and water.

803.0100.05	48"W x 24"L	5 lb	\$179.00
803.0100.07	36"W x 24"L	7 lb	\$137.00

# Dryer Cages

Patented heat-free Dryer Cages provide a safe and professional grooming experience with heat-free drying. Equipped with high-volume fans, they create a fluffy finish that will make the pups in your care look and feel fabulous.

- Two high-volume fans placed on opposite ends of the assembly create turbulence, which lifts and dries the pet's coat while removing the loose undercoat.
- Fan guards help protect paws from fan blades, and multi-speed settings let you choose airflow speed.
- All fans are UL listed and feature OSHA compliant guards.
- Rounded corners prevent bacterial buildup, supporting a healthier environment for animals and staff.
- Fluid-retaining lip helps limit leakage.
- Removable PVC coated floors included.
- Wide doors facilitate easier animal entrance and exit.
- **Double unit** includes a mobile double large dryer cage on the bottom with another double large dryer cage on the top.
- A removable cage divider gives you the option of drying two smaller animals at one time.
- **Triple unit** is equipped with stacking plastic cages that can be used as holding areas, leaving you free to dry the next animal.
- Locking caster base provides instant portability.
- Single Unit is 48" x 36". Double Unit is two 48" x 36" cages stacked. Triple Unit is one 48" x 36" cage with two smaller holding cages stacked above. Each cage compartment is a one-piece mold of high-density polyethylene with a  $\frac{3}{16}$ " thick wall. 25½"H x 44¼"W x 28"D. Maximum total air volume is 3,560 CFM. Requires 120V AC, 1.4 AMPS per fan.

926.4836.01	Single Unit	\$3,928.00
926.2000.02	Double Unit	\$7,569.00

# Midmark Product Ordering

## 1. ORDERING

Please include the following with your order:

- Quantity
- Part number
- Description
- Signature of person placing the order
- Approximate shipping date required
- Method of transportation
- Purchase order number

## 2. RETURN OF SPECIAL DESIGN + REGULAR MERCHANDISE

Orders for equipment, cabinetry and containment/boarding of special design, construction, finish or upholstery are not subject to cancellation after your acceptance of our acknowledgement. Special design products, custom design cabinets/containment and special upholstery **WILL NOT** be accepted for credit.

Authorization must be obtained for the return of any item. If return is authorized, transportation charges must be prepaid. Items returned for credit are subject to a charge of 25% or more to cover inspection, reconditioning and repackaging. Anesthesia accessory returns are not accepted for rubber goods over 30 days old, rubber goods not in original, sealed package and all hoses. Goods without a Return Goods Authorization (RA) and merchandise more than 90 days old (from Midmark invoice date) are also not accepted for return.

Note: Certain items are non-refundable: Special Orders, Midmark Cabinetry, Custom Configured Containment, Care Exchange™ Workstations, Discontinued Items or Parts, Custom or Nonstandard Colors, Service Upholstery and Service Parts if value is less than \$50.

## 3. FREIGHT DAMAGE

It is the consignee's responsibility to count and inspect upon receiving. Merchandise arriving with external damage should be described on Proof of Delivery, Delivery Receipt or Bill of Lading. In case of concealed damage, consignee must contact the carrier within 5 days after receipt and claims for damage instituted.

## 4. IMPROVE PRODUCT QUALITY

Midmark Corporation reserves the right to change design and construction without notice.

## 5. ORDER CHANGES

Any requested change to an order after the acknowledged ship date could result in an extensions of the scheduled ship date. The new ship date will be re-scheduled/acknowledged based on the extent of the changes requested.

## 6. CONTAINMENT + CABINERY ORDER CHANGES

All changes should happen before the receipt of the order. Order changes made after receipt of an order may incur a change fee and a shipping date change. This fee will cover materials, labor, and handling costs. All changes must be submitted in writing. Upon review and approval of changes, the order will be moved to the next available ship date.

Request to reschedule or delay shipment of orders that have been built will incur storage and handling fees until shipped.

## 7. SPECIAL ORDER REQUIREMENTS

Any order requiring special deviation from standard product will carry the following disclaimer:

We hereby accept and acknowledge the above captioned order provided, however, because of the special nature of this order in that this equipment is being supplied upon special design specifications, special materials, and/or field modification, as per your request, the standard warranties of Midmark on its products are not applicable to the order, and this acceptance and acknowledgement is conditioned upon you indemnification and promise to hold Midmark, its officers, employees and agents, harmless in respect to any and all warranty claims, damages, both direct and consequential, expenses, costs, and any liability arising from the use of or relating to this special equipment.

## 8. ORDER CANCELLATION

Cancellation 48 hours from time of order placement is subject to penalty. An assessment will be made at the time cancellation to determine the amount of penalty including material, labor and handling costs.

Cancellations must be received in writing. Non-standard color and custom configuration orders may not be cancelled without penalty.

Orders for equipment, cabinetry and containment/boarding of special design, construction, finish or upholstery are not subject to cancellation after your acceptance of our acknowledgement. Special design products, custom design cabinets/containment and special upholstery **WILL NOT** be accepted for credit.

## 9. SHIPPING

Please call your Project Coordinator for shipping quotes at 1.844.856.1236.

Standard lead times may vary from typical order time frame.

Request to reschedule or delay shipment of orders that have been built will incur storage and handling fees until shipped.

## **10. CUSTOM ORDERS QUOTED OUTSIDE OF DESIGN SERVICE**

Custom orders created outside of Design Service follow this sequence:

1. Product Quoted
2. Order placed by PO or down-payment
3. Product design created
4. Sign-offs
5. Release to production

## **11. CUSTOM ORDER CHANGES**

All changes should happen before the release of the order. Order changes made after release of an order may incur a change fee and a shipping date change. This fee will cover materials, labor and handling costs.
